

MAGNOLIA'S *next*

MATTHEW WRIGHT

Our son, Matthew Wright is 17 years old, starting his senior year at Clay High School. He has always been very athletic. In his younger years he

excelled in many sports, he was especially proficient at Tae Kwon Do, where he achieved the rank of 2nd degree black belt and won numerous State and District titles. He played defensive back on the football team his first two years at Clay, but decided that he would rather focus on the weightlifting team, (He's a real gym rat) where he advanced to the regionals this past season.

He is also a well-rounded student, maintains a 3.5+ GPA, and is a member of the National Honor Society. He has expressed an interest in becoming a lawyer, but he still has plenty of time to change his mind, and almost certainly will. He has always given freely of his time doing volunteer work around the county, working at various church and sports camps, and this past year, worked many hours with the Special Olympics Golf program that Cindy Triay runs here at our course.

He can be found most days working around the clubhouse, fetching carts and shagging balls, and is really enjoying his new found financial independence. (Mom and I like it too) Matthew

is a quiet young man, but he looks you right in the eye when he talks to you, and always speaks from the heart. The fact that he will soon be off to college is starting to become very real with his mother and

I, sad and excited all at the same time. We are comfortable in the fact that where ever he goes to school, whatever path in life he chooses, he is going to make a real difference in this world.
